

4 Wheel Tilting Gas Cylinder Trolley EW-CT04

Gas Cylinder Trolley allows for easy and safe transportation of heavy gas bottles around a workplace. With curves in all the right places, moving gas bottles, tyres, appliances and furniture just got a whole lot easier. A very versatile unit.

This trolley design frees the operator to guide and push – not to carry the load! No lifting to load and unload cylinders. Brakes on caster wheels for added control. NS-CT04 4 Wheel Tilting Gas Cylinder trolley is perfect to safely carry single G Size or 45kg gas cylinder

Features:

- Rear support wheels to help support heavy load
- Safely transports 1 x G size or 1 x 45kg gas cylinder
- Compliant to Australian Standard As4332
- Includes securing strap
- 2 x 280mm solid rubber front wheels
- 2 x 125mm rear swivel castors

Specifications:

- Dimensions (HxWxD): External: 500mm x 400mm x 1220mm
