

PR-300

Semi-Automatic Pallet
Wrapping Machine

#62152

Maximises
Productivity

250% Power
Pre-Stretch

Simple & Easy
Operation

Digital Touch
Control Panel

Features

- 250% power pre-stretch
- Film tension can be adjusted from panel. The digital control system maintains the same tension for different sizes and shapes of wrapping objects.
- Enlarged space for easier film threading.
- Adjustable film tension from control panel, via 100% electromagnetic brake.
- Auto film tension – film tension begins after first rotation of pallet.
- Adjustable automatic photocell load height detection.
- Security door and foot guard for user protection.
- E-Go control panel.
- Micro-processor provides 8 different wrapping programs.
- Top and bottom wrapping counter from 0-9 cycles.
- Turntable speed adjustable 1-12rpm, soft start and stop.
- Turntable stops in reset position.
- Chain driven turntable.
- Carriage speed adjustable from 0.5m/min – 6m/min.
- Easy film installation and threading design.

Functions

- Digital Panel with LED indicator for turntable/carriage speed, tension, wrapping counts and program mode.
- With two main wrapping programs, and three auxiliary programs, you can wrap each pallet to suit your specific needs.
 - Single/Double Wrapping
 - Reinforce/Unstable Object & Top Sheet Wrapping
- Memory setting function.
- Speed adjustment from panel for turntable and carriage.
- Reset and Over Wrapping function.
- Handle operation for turntable and carriage.
- Start/Stop push buttons.
- Large Emergency Stop button.

Specifications

Production Rate	Max. 30 pallets/hour
Turntable Speed	12RPM
Turntable Diameter	1500mm
Max. Load Weight	2000kgs
Max. Wrapping Height	2300mm
Shipping Weight	400kg
Film Stretch	Power Pre Stretch
Film Stretch Rate	250%
Wrapping Tension	Digital Touch Panel Adjust
Electrical Requirements	110V/220V (50/60Hz) 1.5KW
Photocell Sensor	Standard
Operation Panel	Digital Display and Touch Panel
Structure	Full steel construction
Film Spec.	500mm wide, max outer diameter 250mm, Core Diameter 76mm
Technical Data	Operation Manual
Extra Options	Turntable 1650mm / 1800mm Wrapping Height 2500mm Pneumatic Top Pressure 2500kg Load Capacity 750mm wide Film Carriage Access Ramp Weighing Scales System
Warranty	1 Year
