ASC G5 HD

THE COMPACT RIDER SWEEPER

ASC G5 is a high-performance, industrial grade sweeper designed for efficient debris removal in urban, commercial, and industrial environments.

The machine is widely used in the warehousing and outdoor market.

The machine offers exceptional dust control, operator comfort and very long run time between charging intervals.

The ASC G5 is powered by a 36V AGM battery system, and is available in lithium ion.

Due to its powerful drive motor, it has the ability to climb inclines up to 25%, making it suitable for sweeping steep ramps.

FEATURES

- Simple and intuitive to use
- Extremely accessible for maintenance
- Front and rear lights included
- Manueverable 3.500 mm turn radius
- All-steel sturdy frame
- Cleaning width of 1450 mm
- Heavy-duty solid tyres
- Large hopper capacity
- Hopper dump height up to 1.6m
- Climbing ability up to 25% gradient
- Water spraying system
- Overhead guard

WATER MISTING SYSTEM

Fitted with a water spraying system, the ASC G5 effectively eliminates airborne dust.

POWERFUL FILTRATION SYSTEM

Encompassing a maintenance free bag-house dust control system. The 5 sqm filtration area ensures 99.9% capture of fine dust and contaminants

EASE OF USE

Featuring an ergonomic layout, the ASC G5 is simple for any operator to use.

HOPPER EMPTYING

Waste hopper raises to 1.6m for easy disposal into a general waste bin.
