

Aquarius

A standard shower trolley designed to meet challenging budget constraints.

Key Benefits

Safe & secure: The dropsides fold underneath the top and the liner side lays down to provide gap free patient transfers.

Hygiene conscious: Tilt the top 6 degrees and lower the drain hose tip to quickly remove waste water.

Custom adjustments: Raise or lower the height of your trolley to suit bed transfer or best working positions. You can also lock the removable end rails into two positions, allowing 120mm extra space for longer patients.

Why Buy?

We are able to bring our Modsel shower trolley design quality to you at an affordable price, helping to meet tight budget constraints and maximising the number of working units available.

The refined framework and proven mechanics awards long life value and consists of considered, easy to clean surfaces coupled with quality twin wheel castors to ensure the highest level of manoeuvrability.

Safe Transfer

The dropsides fold underneath the top and the liner side lays down to provide gap free patient transfer.

Easy drainage

Tilt the top and lower the drain hose tip to quickly remove waste water.

Height adjustment

Raise or lower the height of your trolley to suit bed transfers or best working positions.

Length adjustment

Lock the removable end rails (on each end of the top) into two positions, allowing 120mm extra space for longer patients.

Junior size option

A special junior sized shower trolley developed for small patients. Working with children or small adults may not require a full sized shower trolley. Our junior sized version is also easier to move around in tight facilities and for storage.
