Euro Basin Mounted  
Sensor Tap

**TW-MIX-01**  
Basin Mounted  
Flick Mixer - Fixed

## INSTALLATION NOTES

- 1) Fixture strength is ultimately determined by the load capacity of the supporting structure (noggins recommended for stud walls) and use of appropriate fixings.
- 2) Basin is secured to either adjacent wall - at the discretion of the installer - with a heavy duty wall bracket (supplied) that incorporates three fixing points (8mm dia.) and connects to waste outlet.
- 3) Trap and fixings (other than wall bracket) not supplied.
