

Loose Goods Tables System P

"PS" loose goods tables: Powerful sales tools at the point of sale

"PS" loose goods tables are the fastest ever loose goods tables. From 0 to 100 % function in 30 seconds.

The sturdy "PS" means you can achieve your objective in record time – in case you need to react quickly at the point of sale or you want to present new goods in a more flexible manner.

That's because a "PS" loose goods table is easily assembled without tools in practically no time at all – and it takes up minimal space when stacked flat in your warehouse.

Int. patent registration PCT/DE02/02 800

Quick assembly ...

... for quicker sales!

Positioning goods for a sales promotion is now quicker and easier: Can be set up and folded down again in an instant, transported empty or full and stacked on top of one another in the warehouse without any problems.

Loose goods table PS 12/8 and PS 12/8 Duo

Flexible and assembled in a flash.

Loose goods tables to enhance your business. They can be set up very quickly without tools, and fold down again just as quickly if necessary. They can be stacked to save space and are available with or without castors.

Design

The table legs and tubes are made from square profile tubes, the edge mesh panels have a locking mechanism. A folding mechanism, so the tables can be folded down to save space. Base mesh panel hooks in at varying heights and is reinforced with flat iron bars. Version with castors: 4 swivel castors, with brakes.

Loose goods table PS 12/8 Duo:

With 1 partition mesh panel and 2 base mesh panels which can be hooked in at varying heights.

Finish

High-gloss chromium-plated

Safe stacking

The locking pins in the folding mechanism prevent slipping when transporting with a lift cart.

Loose goods table PS 12/8

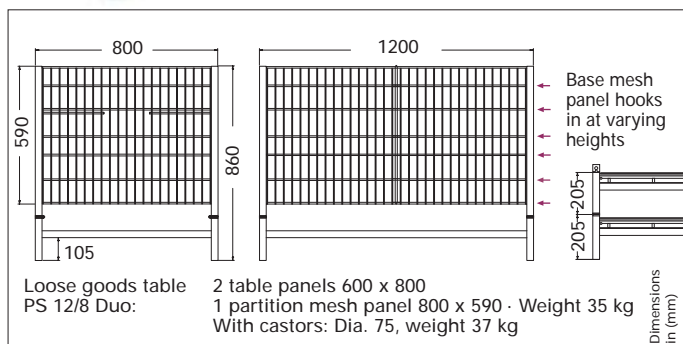

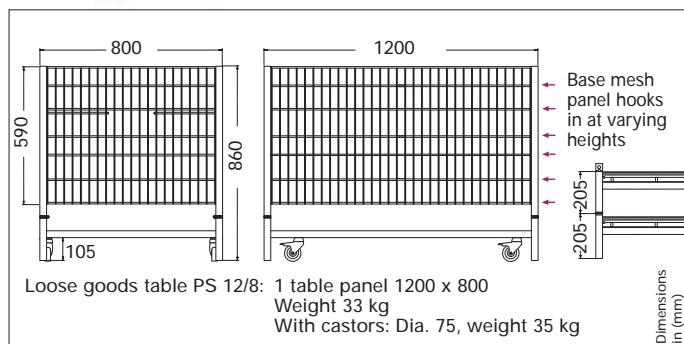

1 m high, with base mesh panel that can be hooked in at varying heights. Max. volume 506 litres.

Version with castors

Loose goods table PS 12/8 Duo

With 1 partition mesh panel and 2 base mesh panels that can be hooked in at varying heights. Max. volume 506 litres.

Loose goods table P 12/8 and P 12/8 Duo

A classic, tried-and-tested for years.

Universally applicable loose goods tables for many sectors and products. The base mesh panels with adjustable heights enable the tables to be optimally adjusted to different quantities of goods. Available with or without castors.

Design

The table legs and tubes are made from square profile tubes, the edge mesh panels are hooked in. Base mesh panel hooks in at varying heights and is reinforced with flat iron bars.

Version with castors: 4 swivel castors, with brakes.

Loose goods table P 12/8 Duo:

With 1 partition mesh panel and 2 base mesh panels which can be hooked in at varying heights.

Finish

High-gloss chromium-plated

Version with castors:

No loss of space when the tables are lined up next to one another. DGm 200 11 494.8
