

Unisto Selflock 0 / Selflock 1

Metal Clip Security seals are mainly used in the Postal, Courier Services and Meter industry. Ideally to seal a Bags, Sacks, Fire Extinguishers, Valves, Electric, Gas and Water Meters. Used for their durability and reliability. Used in conjunction with either sealing wire or even simply with string. With their unique design and strength they're suitable for applications where a plastic seal would fail. Easy single-hand fastening, Available in non-numbered and numbered versions for fast, reliable data capture.
