WHEN SIMPLICITY  
MEETS ESSENTIALITY

- + **Scorpion is a simple machine,  
intuitive use with basic functions;  
it is suitable for packaging small  
and medium size products**

Scorpion machine, matches essentiality and performances with a small footprint, suitable to pack food and non-food products up to 240 ppm. 100% made in Italy, Scorpion machine combines simplicity and friendly use, suitable for limited production performances, having the reliability and the quality of materials recognized to all Record's machines.

Two styles of packaging: Scorpion is available in Bottom seal and Top seal versions, according to the main characteristics of food and non food products.
