Electric start, Yanmar engine, diesel generator.

This Crommelins diesel generator 5.5kw (max.) output is electric start for easy starting and comes with hire-spec. It will suit medium jobs powering tools and equipment and is site safe*. Two wheels provide simple manoeuvrability for mine sites, hire and construction.

Electric start allows an operator the simplicity of turning a key to start the generator. Hire-pack includes IP66 weatherproof outlets with RCD protection, two wheels, lifting bar/hook, and also transport handles.

It features a reliable diesel Yanmar engine, Sincro brushless alternator all built into a 32mm Australian fabricated heavy-duty steel frame. Assembled and tested in our Australian factory.

A hard-working, long life generator, it is built to work in rough conditions. It also has a two-year manufacturer's warranty. Customization options include; mine-specification and fleet coloured powder-coating. If you want to know more, find your [local dealer](#) for a quote.
