THE PROMEDCO RANGE OF AUTOCLAVES ARE DESIGNED FOR TROUBLE-FREE OPERATION. COMPETITIVELY PRICED WITH GUARANTEED RELIABILITY, THE PROMEDCO RANGE ARE FAST BECOMING THE PREFERRED CHOICE OF BEAUTICIANS AND TATTOOISTS.

SIMPLE & EASY TO USE WITH ALL THE FUNCTIONALITY YOU NEED

Our autoclaves are user friendly and meet the most stringent requirements with the user being able to choose between a quick start and a pre-set or custom-defined option. Our SClass autoclaves are best suited for industries using predominantly solid instruments however they also have B Class capabilities! With an inbuilt thermal printer and USB storage, you have the convenience of a printout and the backup of an electronic copy. The one-piece solid stainless-steel chamber includes three trays, and the easily accessible large tank makes it easy to fill and clean as required.

WHY WE'RE DIFFERENT

We will provide you with a starter kit of sterilisation pouches, Indicators and a sterilisation log book. After your purchase we can provide all your sterilisation and infection control consumables at extremely competitive prices.

FEATURES AT A GLANCE

Fully Compliant

ProMedCo guarantees all our autoclaves are compliant & TGA approved. Your safety is our priority.

Service

Annual Validation is a legal requirement for autoclaves used in skin penetration industries.

At ProMedCo we can connect you with a network of service technicians who can both validate and service your autoclave.

Training & Support

We offer in-house or video training sessions on your new autoclave, along with full telephone support.
