

Silvercut 16 Electric Hydraulic Rebar Cutter (Rear Handle)

Innovators in
Precision
Hydraulic Rebar
Cutting Tools &
Equipment

Designed for cutting 16mm high tensile material Silvercut 16 electric hydraulic rebar cutter features a powerful 230V motor which drives the precision radial hydraulic pump to produce 13 Tons of cutting force.

The Silvercut 16 is reliable for continuous use on building sites or factory operations. This unit is fitted with a user friendly rear handle trigger grip for easier operation.

This unit is the perfect choice for on-site formwork applications & high production work.

The Silvercut 16 rear handle rebar cutter is designed and precision manufactured in Italy to the highest of ISO commercial standards.
