

REVOLUTIONISED STREET CLEANING

# ECOVAC 240

## WASTE COLLECTION VACUUM

- Easy to operate with self-propelled electronic drive and 360 degree turning radius
- Ergonomic suction tube complete with adjustable arm rest and guided by roller support wheel
- Compact in size, the EcoVac 240 is able to fit through standard doorways
- Large 240l wheelie bin waste hopper that can be easily removed and emptied ensuring operators do not come into contact with waste
- The automatic dust filter cleaning system assists in maintaining machine peak performance as well as reducing hazardous airborne dust
- The electronic traction motor provides effortless variable drive and braking to safely traverse curbs with ease
- Increased safety for operators and passersby with APSA Pedestrian Safety Alert System
- Solid puncture proof tyres that will not lose pressure over time, requiring less maintenance
