The most compact and lightest model in its class for home & outdoor use.

The Cromtech Outback Inverter Generator 2.4kW is the most compact and lightest model in its class. This model is ideal for Camping, caravanning & RVs due to its compact suitcase shape. It is also suitable to power portable fridge freezers, a small office and small power tools.

The fuel-saving eco-mode minimises fuel consumption and allows for up to 20 hours* use on 5 litres of fuel. This unit also has low oil shutdown protection for the engine, power overload protection and power output light. Watch it in action [here](#).

A bonus dust cover comes with the generator for storage and to protect it from the weather.

Crommelins Machinery hand-selected this inverter generator for its recreational and domestic use. It is confidently backed with an Australian wide Cromtech one-year warranty and also local [Service Agents](#) covering every part of
