

*Re-inventing the world of beverage dispensers*

SP 1

# SP

Creamy chilled temptations

SP 2

A **compact counter top** machine that delivers cold creams and other dairy products.

Your customers will be **captivated by the SP**, thanks to the perfect consistency of the products it delivers and its **elegant design**.

SP is compact and features an elegant design, with stainless steel finishings and white or black trimmings.

Easy to clean and user-friendly, with all the components that come into contact with the product easily removed without the use of tools.

The machine comes with HACCP certification and works with water or milk-based products.

Machines per pallet		8	8	4
Pallet dimensions	cm	80x120x170	100x120x165	65x120x170
Pallet gross weight	kg	245	405	280

Functioning with water/milk added to products for ice cream, slush, cream, or with ready to use mixed product base. Tanks work independently. Lockable lid.  
Always read the User's Manual.

## Features

**SP** is a perfect solution for bars, restaurants, cafeterias, coffee shops, hotels and other HoReCa operators who desire **reliable equipment** for the production of delicious chilled specialties, like creamy desserts, mousses, frappes and similar products.

**Available in one, two or three-bowl configurations, SP** allows each bowl to operate independently, allowing for **multiple** products to be delivered, giving you greater **flexibility** in your menu offerings.

**SP** also provides **a significant ROI**, thanks to the high overrun and to the transparent bowl encouraging impulse purchasing.
