

BARIATRIC NEUROLOGICAL COUCH

This traditional Bariatric Neurology Couch has been designed for neurological assessment and treatment for both adults and children. The couch is extremely strong and rigid, with a large treatment surface to support both the patient and therapist for a wide range of treatment procedures.

KEY BENEFITS

- Large treatment surface to support both patient and therapist
- Motorised backrest adjustment from horizontal to 85° to support the patient in a sitting position
- Option of electric or hydraulic height operation
- Option of adding side support rails and pads for additional patient comfort and security
- Retractable wheel system for moving and positioning of the couch
- Low patient transfer height of 42cm
- Breathing hole and plug for prone treatment
- Footswitch as standard & hand control as optional

German Manufactured Actuator Motors

- Lifetime frame guarantee
- 5 year parts guarantee
- 16 years average lifespan
