

# ENERPAT

Global Waste Disposal System Supplier

## BAGGING PRESS MACHINE

ENERPAT GROUP UK

ENERPAT UK. CHINA PRODUCTION BASE

# Product Application

**Hemp Hurd**

**Wood Shavings**

**Sawdust**

**Rice Husk**

**Alfalfa Hay**

**Rice Straw**

- |                       |                                |
|-----------------------|--------------------------------|
| 1 Machine Structure   | A Hydraulic Power Pack         |
| 2 Feeding In Conveyor | B Hydraulic Oil Cooling System |
| 3 Bale Ejection Door  | C Electrical Control System    |

- ENERPAT Wood Shaving Baler designed for pressing loose wood shavings into compact bales, packaging with plastic bags.
- With Feeding Conveyor and Weighing Conveyor, the bale size and weight is adjustable, also each bale same weight. Adopting UK technology, 100% high quality with CE, ISO certification.

## Pressing Cylinder

- Choose the brand company and international standard seamless steel pipe
- All piston rods are chrome plated
- Choose the British Hallite brand as the cylinder seal

## Air Conditioner Cooling System

- Air Conditioner Cooling System installed on the hydraulic system
- Air Conditioner Cooling System supports machine 24/7 working
- Air Conditioner Cooling System with Test Certification and CE approved documents

## Electrical Control System

- Factory assembled,wired tested
- Control wiring:minimum2.5
- SQ,nm,600/1000V pvc insulated copper
- conductor colour coded as per IEC standards
- Support touch screen control,PLC Schneider or Siemens brand

## Motor

- Siemens brand
- Support 24 hours non-stop operation
- Secondary energy consumption motor is more environmentally friendly
- Explosion-proof motor can be installed

## Hydraulic System

- Europe Design hydraulic system,efficiency and stable
- International Top Brands valve and pump
- Air Conditioner Cooling System which accept machine 24/7 working
