

FOLDING ARM AWNING CA 430

This cassette awning keeps your outdoor area cool whilst keeping the sun away from your windows. In poor weather, the fabric and awning are safely stored in the aluminium cassette. A sensible water drainage system prevents water seeping into the cassette when the awning is closed, keeping the fabric looking great for much longer. The strong arm with built-in pull sprind is built for heavy use. The trim is available to match the fabric colour, providing a fresh finish.

Max Width: 7 m (12 m in two parts)
Max Drop: 3.5 m
Min Drop: 1.5 m
