

Reynard Isopropyl Alcohol Wipes.

The original disinfection wipe.

**A hospital grade disinfection wipe
impregnated with 70% isopropyl
alcohol that will kill 99.9% of germs.**

An ideal solution for infection control or general cleaning. Reynard isopropyl alcohol (IPA) wipes quickly and efficiently disinfect hard surfaces and equipment, killing germs and pathogens on contact.

Reynard is reassurance.

Reynard
Health Supplies

Fragrance free and non-tainting, Reynard IPA Wipes provide an ideal solution for infection control and general cleaning.

They contain a very low-foaming, biodegradable, non-ionic surfactant which exhibits excellent detergency for the emulsion of fatty/greasy soils. Disposable, soap free and effective against the following common microorganisms:

- MRSA
- E. coli
- Salmonella typhimurium
- Listeria monocytogenes
- P. aeruginosa
- Proteus vulgaris
- C. albicans
- A. Niger

Better for staff safety Cleans most hard surfaces

Pre-impregnated wipes remove the need for staff to measure harmful chemicals and potentially harmful airborne sprays.

Safe for use on mattress covers, beds, tables, work tops, trays, trolleys and other hospital equipment.

Cost-effective Fast and effective

Cleaning with Reynard wipes eliminates the need for cloths, spray bottles and chemicals which saves on laundering, chemical and storage costs.

Reynard IPA wipes will kill 99.9% of common germs and bacteria. Complete disinfection with no rinsing required.
