

U-BARRIER BASE PLATE RANGE: 90MM: POWDER COATED

COMMONLY USED:

- Car Yards
- Council Parks
- Commercial Premises
- Petrol Stations

The Supamaxx™ range of 90mm U-Barrier Powder Coated Base Plate bollards can be your first line of defence in protecting your property and assets. Supamaxx offers a choice of 4 lengths in this range that offer different levels of protection to cater for your specific needs.

- 100% Made in Australia and 'Not a Cheap Import'
- Zinc Treated to protect against corrosion
- Professionally Powder Coated with U.V stabilized coatings that protect from pre-mutually fade and rust.
- Quality & Reliability that puts Supamaxx ahead of all competition

The superior Supamaxx manufacturing process of all Powder Coated bollards receives a premium Zinc Treatment and then Powder Coated to ensures maximum protection and wear for the life of the bollard. Unless otherwise specified, all Supamaxx bollards are powder coated 'Safety Yellow', with other colours available on request.

All Supamaxx U-Barrier Base Plate bollards can be fitted to an existing concrete slab, using masonry or chemical anchors. We offer a complete installation service, Australia wide, or can assist you with advice on installation techniques for our product range.

We recommend you always obtain tailored advice from one of our professional staff to ensure you purchase the most suitable product for your specific needs.
