

Embrey
Attachments Pty Ltd

You can't argue with quality

www.embreyattachments.com.au

Custom made attachments

Embrey Attachments Pty Ltd can also make special custom made attachments to suit your specific material processing or handling requirements. Like this specially designed Cable Shear with rhomboid square blades for cutting wire rope up to 120mm in diameter. Or the Aluminium Nibbler jaw for continuous cutting through aluminium smelter pot slabs up to 300mm thick. Whatever your requirement is, just give us a call to discuss the possibilities.
