

# 66cm Battery Traction Scrubber

190828 - Columbus RA 66 BM 60 iL D20

- Residue-free cleanliness is ensured even for rough or heavily soiled floors, thanks to an adjustable brush pressure of up to 60 kg.
- Excellent suction performance with minimal noise. Extremely adaptable: the accommodating brush system sits flat on the floor also on uneven surfaces – and cleans every little centimetre with full brush pressure.
- Specially designed for varying needs, this scrubber dryer with traction motor masters every situation and guarantees thoroughly cleaned surfaces of medium and large sizes.
- Compact design; with a length of 138 cm, it fits into all standard lifts. Fast, easy and hygienic changing of brushes and pad holders: the brushes and pad holders do not only spin-off with the press of a button, they also spin-on automatically.
- Service-friendly: the recovery tank tilts to the side for easy access to batteries and components. Fresh water can be filled up in an instant – via the integrated, industry standard system connector or via the large filling opening.
