## THE IDEAL OFFICE ASSISTANT

### The Perfect Fit

We have designed the B-FV4 printer series to be the perfect, silent office helper — small enough to fit into the tightest of spaces combined with the flexibility to integrate into your environment. Stylish and sleek, yet rugged and powerful and with print speeds of up to 6 ips, it handles even demanding printing applications with ease.

### Multi-lingual

Whatever the current application, the B-FV4 series 'speaks your language', allowing straightforward integration into existing systems. With a whole host of connectivity options as standard, this impressively flexible printer really does have 'everything on board' to manage the most diverse printing requirements.

One size fits all - whether direct thermal printing or using thermal ribbons, simply choose the options to suit your application. Toshiba offers a total solution including a full range of approved media, labels and ribbons. Once the system is installed, you can rely on a nation-wide support network with experienced engineers and service staff.

## Key Highlights

- > Compact and stylish
- > Vast range of interfaces as standard
- > Emulation capabilities
- > Intuitive usage and easy maintenance
- > Low energy consumption
- > Extra-long 300 m ribbon
- > Managed Document Services ready

## STYLISH, ROBUST & POWERFUL

### Designed for the user

For ease of use and maintenance, the B-FV4 series has been designed with the user in mind. Drop-in paper loading allows quick and easy changes to media and critical parts can be replaced or even upgraded with a snap-in printhead and platen assembly. Combined with the undisputed Toshiba reliability, the B-FV4 series models are rugged and robust workhorses for any environment.

### Cost-effective media

For a low total cost of ownership (TCO) the B-FV4 thermal transfer printer is available with up to 300m ribbon, improving workflow efficiency thanks to less media changes required.

Ribbons are available in various grades and qualities and are compatible with the current Toshiba desktop series. This allows for a seamless upgrade and gives you the flexibility to use up existing media stocks before converting to the lower cost larger ribbon (up to 300m).

### Flexibility

The Toshiba B-FV4 is an easy-to-use and cost-effective desktop labelling solution. It comes with a variety of both built-in as well as optional features and provides true versatility to support a wide range of local and remote applications.

- > Office Environment
  - general office printing, asset label printing
- > Healthcare
  - wristbands, specimen labels, pill bottle labels
- > Industrial Manufacturing
  - parts label, picking labels
- > Transport & Logistics
  - shipping labels, warehouse labels, pallet labels, tickets
- > Retail
