

# AutoLift Maxima AL-FC75W Wireless Battery Operated Mobile Column Hoist

Heavy duty mobile column lift, no cables required

7500 Kg lifting capacity per column

4 Columns Extendable up to 16 Columns

Wireless Signal Transmission

LCD screen on all columns

Adjustable wheel supports accommodate wheel sizes from 380mm to 1156mm

## Features

- Heavy duty design for Australian conditions.
- Wireless version with battery & charger.
- Columns can be added at any time without upgrading the PLC - up to 16 columns.
- Save time - no need to connect or disconnect cables. No cables provide no trip hazards for operators.
- User friendly operation through selector buttons on master controller for individual, paired & synchronised operation.
- Adjustable lifting forks accommodate the widest range of wheels without wheel reducer sleeves.
- Pallet jack allows easy movement of the columns.
- Heavy duty hydraulic system and bearings on carriages provide efficient, & easy lifting.
- LCD screen with keyboard provide multiple settings and vision of lifting height, battery condition, mode type and troubleshooting within the program's operations.
- Independent mechanical locking system & emergency switch on every column provide highest safety assurance.

# AutoLift Maxima AL-FC75W Wireless Battery Operated Mobile Column Hoist

Heavy duty mobile column lift, no cables required

7500 Kg lifting capacity per column

4 Columns Extendable up to 16 Columns

## Specification

- Max. distance between lifting columns: 9m
- Height fully raised: 3655mm
- Height of column: 2300mm
- Width overall: 1100mm
- Depth overall: 1320mm
- Max Lifting height: 1820mm
- Lifting capacity per column: 7500Kg
- Battery capacity: 20 cycles (full charge)
- Charging input voltage: 240V AC
- Operation voltage: 24V DC
- Lifting / lowering time: 100 sec
- Noise level: Max 73 db(A)
- Floor requirement: 125mm concrete floor with F72 mesh level finish.
- Automatic stop when one or more columns have a height difference greater than 50mm
- Net weight per column: 680Kg
- Packing size: 1300L \* 1100W \* 2260H mm

Optional drive on platform

Optional screw adjustable support stands
