

Paxum® X500

Paxum Automatic Pallet
Wrapping Machine –
E Type Model

#62218

Programmable
Control

Customizable
Options

Efficient, Low
Energy Usage

Remote Control
Operation

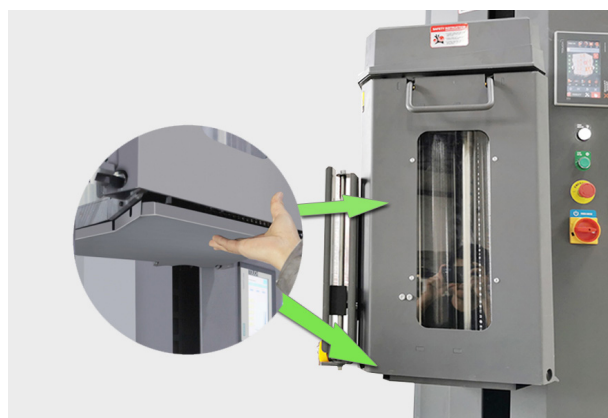

Efficiently secure pallets with our cutting-edge solution, the Paxum X500-E Type. Utilizing LDPE stretch film, it shields bulk cargos from dust, moisture, and damage during transportation. Enhance productivity and protect valuables with this advanced pallet wrapping solution.

Features

- High efficiency with low electricity consumption
- Customizable wrapping type and frequency
- Automatic pallet height detection using a photoelectric sensor
- Turntable auto-reset for added convenience
- Pre-stretch ratio of 300%
- Programmable control with adjustable wrap cycles
- Soft start and stop feature for gentle pallet wrapping
- Fully automatic remote-control system
- E-type turntable facilitates easy pallet loading with a pallet jack
- 3 Year Warranty

300% Standard Pre-Stretch

Advanced Safety Technology

LCD Touch Operating System

E Type Turntable

Remote Control System

Automatic Cut and Clamp Film

Specifications

Feature	E Shape Turntable	Machine Weight	900KG
Maximum wrapping speed	15-25 loads/hour	Frame	Steel+ABS
Maximum Wrapping Height & Weight	2400mm / 800KG	Printing	Metallic Paint
Turntable Speed	0-12RPM(Adjustable)	Fall-proof	Inside Safety Belt
Turntable Size	1650mm	Cutting	Laser
Turntable Drive	0.75PH Wheel Drive	Turntable Roller	Double Nylon Roller
Cut And Clamp Film	Automatic	Up&Down Drive	Belt
Standard Film Width	500mm	Up&Down Guideway	Double Balance Device
Standard Pre-Stretch	300% pre-stretch	Inverter	X-Line
Film Capacity	250mm Diameter	Position sensor	SICK(Germany)
Film Delivery System	Power Pre -Stretch	PLC	SIEMENS(Hongkong)
Packing Force	Changeable	Travel Switch	OMRON(Japan)
Voltage	220V/110V/50HZ	Motor	GPG (Taiwan)
Safety Device	Included	Relay	OMRON(Japan)
Alarm System	Included	Touch screen	SIEMENS 7inch
Weighing Scale	Not available	Position switch	OMRON(Japan)
Machine Size	L:2700mm W:1650mm H:2675mm	Warranty	3 Years
