

TC55 F42 DE Electric Hydraulic Cable & Wire Rope Cutter

Innovators in
Precision
Hydraulic
Cutting Tools &
Equipment

The TC55 F42 DE double acting hydraulic cable cutter will suit all cable cutting requirements to the electrical industry for cables & wire rope up to a maximum of 55mm diameter.

This double acting cutting system is 100 percent blockage free, making this cutter fast and reliable when in operation. This unit features an WH&S compliant design and is user friendly for today modern worksite and workshop.

This cutter require NO hot works permit when used in on-site or factory based operations and are a safer alternative than other conventional cutting methods, such as grinding or friction cutting equipment.

This unit is commonly used in the process of cutting high tensile pre stressed cable with ease when in operation. This unit is precision manufactured and designed in Italy to the highest of international standards and is available from Stainelec Hydraulic Equipment.

TC55 F42 DE Specifications

Cutting Capacity	55mm
Voltage/Motor	230Volt/50-60Hz
Cutting Force	34.7 Tons / 340kN
Dimensions L x W x H	627 x 183 x 264mm
Weight	26kgs

***For Professionals That Need to
Cut High Tensile Industrial Cable & Wire Rope***
