

LONGO BIN WASHER

DCS MANUFACTURING PTY LTD

LONGO - Bin Washer

DCS Manufacturing are proud to be Longo agents and distributors throughout Australia and New Zealand.

Longo has been a leading company in the advanced engineering industry for over 10 years. Their expertise in manufacturing vehicles for the environment has given a particular emphasis on the research, design and production of new technological solutions allowing Longo to gain leading positions in the Italian, European and global market.

**LONGO technology is highly suitable for urban sanitation.
The result is a silent and fast BIN WASHER.**

CHARACTERISTICS	DATA
