

Heated, curved glass, open front and rear sliding doors

MODEL SHOWN - VC3GH

Heated display (with ambient storage cupboard under)

Curved glass type, open front with LED illumination and rear sliding doors

Heated Grab & Go display units with ambient storage cupboard under. These heated models use a duplex tangential fan heating module, providing a constant free flowing laminar of warm air recirculating through the cabinet. Complete with LED illumination for increased food presentation. The warm air flow curtain also acts as an invisible protective barrier to flies and pests. With accurate digital control, these hot air stream display units are designed to maintain pre-heated, cooked food at a regulated temperature in an ambient room temperature above 16°C. Suitable for the display of a variety of hot snacks, soup and noodle pot meals etc.

Fantastic for an impulse buy display at payment points.
