

## Impact Vibration

Code # EIMP-VIB

### Product Description:

#### Eureka Impact Vibration Protective Glove

Specifically designed to reduce vibration transmission at Medium to High speed rotations above +400 Hertz.

- Suitable for reducing hand and arm **vibration damage** associated with continued exposure to vibrating equipment.
- **Protection from long term effects of nerve damage** by exposure to tools such as Angle Grinders, Sanders, Vibratory Machinery.
- **Unique Supra Block vibration foam** in Palm & Fingers, covered in micro-fibre with Educational messages printed on fingers in Silicon Grip material.
- **Tested according to ISO 10819:2013** TRM = 0.68, TRH = 0.47

### Applications:

- Rivet Guns, Impact Wrenches, Impact hammers
- High Speed Multi Tools
- Vibratory Machinery Operation
- Use with Angle Grinders, Sanders, Grinder and other similar frequency range tools

### Technical Data:

Supra Block vibration foam covered in Micro-fibre, silicon grip.

Sizes S – 2XL,
