

Drum Trolley / Pourer – 270kg Capacity - Steel

This high-quality, portable **Drum Lifter and Pourer** is designed for safe and efficient handling of heavy drums in a range of environments. Perfect for moving and pouring drums with minimal effort, it's an essential tool for warehouses, farms, industrial operations, and more. Lightweight yet durable, it can be easily operated by a single person.

To reduce freight costs and minimise the risk of damage in transit, this unit comes **flat packed for transport** and is quick and easy to assemble.

Features

- Designed for easy manoeuvring and controlled pouring of drums.
- Compatible with 210L steel, plastic drums or fibre drums.
- Suitable for open or closed head drums.
- Retractable handles with plastic hand grips for operator comfort and to secure your drum.
- One-person operation – simple and efficient.
- Lightweight and portable for use across various locations.
- Durable steel construction for long-term use.
