# LOVOL

ALFA  
SERIES

The LOVOL 7 tonne capacity ALFA series wheel loader features a Cummins engine, and ZF power-shift transmission. It also has Pilot oil operated joysticks. 4 wheel disc brakes, as well as a Luxury lined and fully sealed A/C cab. This machine has limited electrically controlled functions, eliminating many of the problematic items!

The LOVOL WL976K ALFA series is a machine that rivals other big name brands in function and passes them with pilot joystick accuracy, along with no AdBlue, DPF or EGR, but still having the fuel efficiency, comfort and style for more hours of operation with less downtime and costly problematic items eliminated.

Toughest heavy duty construction suitable for the harsh Australian conditions!

## Features

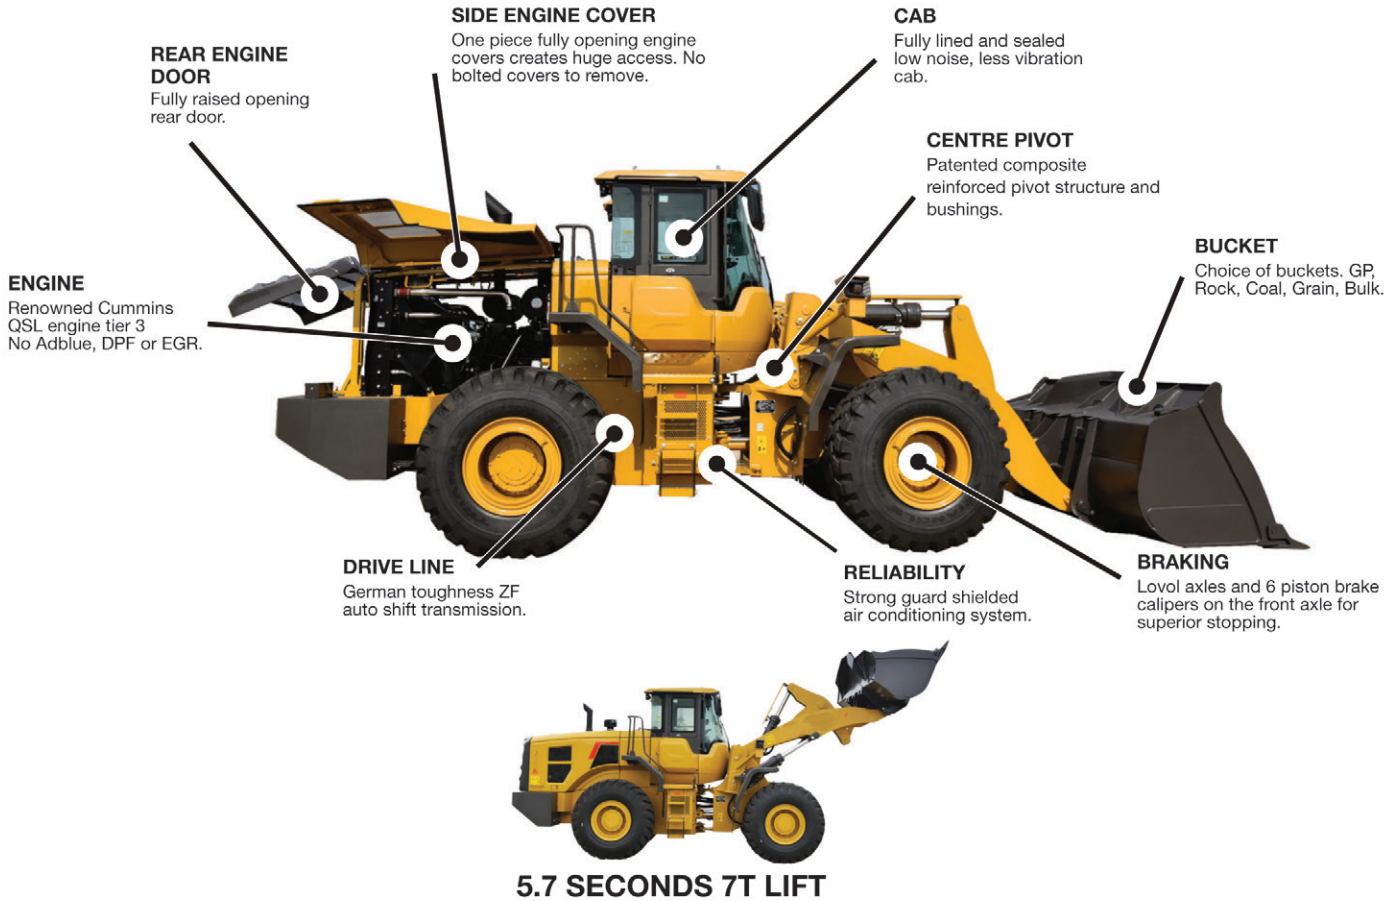

- Cummins QSL9.3 engine
- ZF power transmission
- Auto kick down
- Pilot oil operated joysticks
- No hydraulics system ECU
- ROP's & FOP's certified cab
- Danfoss steering valve
- Luxury lined and sealed A/C cab
- Air suspension seat
