

Change Table

A purpose built, non-slip change mat for a solid, height adjustable and safe patient platform.

Key Benefits

Safe & secure: The fold up dropsides and removable end rails ensure high levels of patient safety when required.

Customisable design: Tailor to your requirements with options such as electric high/low, 300kg SWL and wide tops.

Why Buy?

This change mat expands the use of the Aquarius trolley into a very safe, height adjustable change table with multi-position, removable end rails and full length dropsides that fold back underneath the trolley top for ample work clearance. The mat securely fastens underneath the trolley top to prevent sliding and movement. This trolley is designed for harsh use and able to be rigorously cleaned.
