OMEGALIFT™

EQUIPMENT

Stands Behind The Professionals

DPF / Step Housing Handler

The DPF Handler is 15 and 3/4" deep and extends to 43" wide to accommodate all sizes of DPF Housings.

Smooth rolling 360 degree casters allow a single technician to Remove and Reinstall a DPF Step Housing unit, increasing shop manpower efficiency and lowering costs.

Omega Lift Equipment offers a fast and easy to use DPF Step Housing Handler, that a single technician can operate.

The Pump handle allows the technician to operate the DPF Handler with a hand or foot pump.
