

KOREAN SKIN INTELLIGENCE. DESIGNED FOR GLOW!

# SKNBAR

Where energy meets hydration. Available exclusively to Anovia.

Born from Korea's world-leading skin innovation, SKNBAR is the most comprehensive derma-facial platform on the market and the only technology that combines aqua-delivery with multiple energy modalities in one system.

Deliver fully customised facials using multiple handpieces to address key skin concerns, or utilise each modality independently. The versatility of SKNBAR creates expansive treatment possibilities and scalable service offerings for your clinic.

## The **SKNBAR** Advantage
