

## SOLUTIONS THAT FIT

# The SCHAEFER Group

Fritz Schaefer GmbH, Germany

Simpang Renggam Factory, Malaysia

Kunshan Factory, Shanghai China

Since its inception in 1937 by Mr. Fritz Schaefer, SSI SCHAEFER has been one of the world's leading suppliers of a comprehensive range of high-quality storage systems for warehouses, manufacturing plants and commercial offices, and includes a whole range of systems and containers for the waste-handling and recycling sector. Employing over 7,500 people in 50 offices, from 35 countries on 4 continents, SSI SCHAEFER is the single largest manufacturer of industrial storage systems.

## ■ SCHAEFER IN ASIA

SSI SCHAEFER has operated in Asia for 20 years, and now has 11 offices in 9 countries covering the Middle East, China, the ASEAN region, and Australia. Beginning with the Interlock Pallet Racking range in 1989, SSI SCHAEFER now produces an extensive range of SSI SCHAEFER products in its state of the art manufacturing plants situated in Malaysia and China.

## ■ ACCREDITATIONS

SSI SCHAEFER's Interlock Pallet Racking Systems have been independently tested in both UK and Germany in accordance to FEM 10.02.02 Codes of Practice. The systems also obtained accreditations of AS 1250, AS 1538, RMI, SEMA (Storage Equipment Manufacturers' Association) codes and ISO 9001 compliance.

Today, Interlock Pallet Racking is widely accepted and firmly established as the market leader in APEC.

## ■ SOLUTIONS THAT FIT

International presence, outstanding customer service, decades of experience, and first-class teamwork, provide a one-stop shop convenience and major benefits for its extensive client base when it comes to cost effective solutions, project planning and implementation. From a plastic container to sophisticated, cutting-edge automation technology, SSI SCHAEFER is equipped to assist customers with professional Solutions That Fit.

## SSI SCHÄFER PEEM GMBH

The product range from SSI SCHAEFER PEEM includes a wide variety of equipment from individual conveyor belts to complete storage, materials handling and automated order-picking systems.

## SSI SCHÄFER NOELL GMBH

SSI SCHAEFER NOELL, a world leader in its field, is the ideal partner for complex logistics management. International know-how, a global presence lies at the core of optimal performance.

## Plastic Containers

The extensive SSI SCHAEFER range of storage, order picking and transport containers includes more than 2000 different types, models and sizes. All these developments are a result of countless actual industrial applications: Extensive practical use proves better than any test.

## Cabinets and Workshop Equipment

Rational organization and flexibility form the basis of an efficient workshop, where quality and quantity are critical. SSI SCHAEFER has spent years developing a wealth of choice in the workplace to support professional people in their daily job.

## Multi-tier Storage Mezzanines

SSI SCHAEFER's Multi-tier Storage mezzanines platform provide high-density handball storage utilizing the full height of the warehouse.

## Modular Shelving Systems

Optimizing time and space is the key to efficient store management. SSI SCHAEFER provides complete, flexible single- or multi-tier modular shelving systems of the highest quality for diverse applications.

## Regal Office Shelving System

Where information storage and retrieval is concern, SSI SCHAEFER Regal Office Shelving System is designed to make the most of your office space while ensuring efficiency and security.

## Carton Live Storage & Pick Modules

Maximizing order-picking efficiency, SSI SCHAEFER Carton Live Storage systems can be designed to suit individual requirements. From simple pick-to-tote system, to more complex alternatives, SCHAEFER is able to tailor different configurations to offer the best solution for each targeted application.

## Interlock Pallet Racking System

The SSI SCHAEFER Interlock 600 Pallet Racking System denotes quality, durability and versatility, with the ability to accommodate almost all kinds of storage configurations. Accreditations attained include FEM 10.02.02, AS 1250, AS 1538, RMI, SEMA codes and ISO 9001.

## Live Storage System

SSI SCHAEFER Live storage racking systems provide ergonomic, space-saving design and fast picking that make live storage racking particularly economical. The First-In-First-Out (FIFO) principle ensures that no outdated stock remains on the shelf.

## High Bay Racking & Rack Structures

The name SSI SCHAEFER is synonymous with high-rise racking for automated warehouse installations. We build these for pallets or automated small parts mini-load® systems, for installations in warehouses or as structures to support roofs and walls.

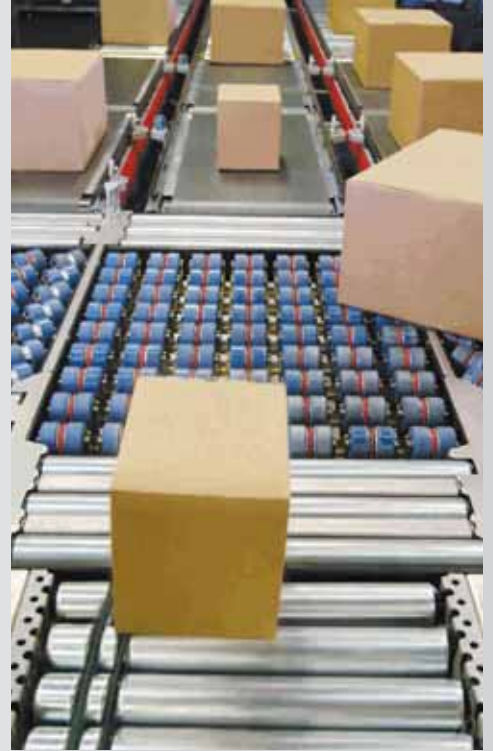

## Waste Management Systems

The waste management and recycling specialists at SSI SCHAEFER are trusted the world over when it comes to using proven collection systems to return recyclable materials to the economy and to effectively dispose of waste.

## System Automation

As a system integrator and general contractor SSI SCHAEFER plans and implements logistics solutions tailored to the specific requirements of all industrial sector covering the whole range of computer-controlled information and material flow technology.
