

APOLLO TRACTORS

MODEL 354 35HP 4WD DIESEL

HOBBY FARM ALL-ROUNDER

The APOLLO 354 is a compact, 35hp 4WD diesel utility tractor. It is equipped with a strong, purpose-built front-end loader with a 4 in 1 bucket. The APOLLO 354 is ideal for landscaping and property maintenance and is suitable for small to medium properties where slashing and loader work is intended.

GREAT STABILITY

The APOLLO 354 has a steel chassis and a solid, cast-iron drivetrain. The APOLLO 354 provides **more power to the ground** and facilitates front-end loader and implement use. Rear wheel counterweights assist stability during heavy front end loader work, and the 354 has wider wheels which provide improved stability on hilly terrain.

FULLY SUPPORTED

The APOLLO 354 is a **fully supported tractor**. It is backed by SOTA's famous customer service and renowned after-sales support. Unlike other budget tractors on the market, the APOLLO 354 has a comprehensive 3 year written warranty, which in the first year, includes **all parts, labour, freight and travel costs**.

SOTA Tractors has been selling APOLLO tractors nationally for 20 years.
