

### Slip-On Roll Prong 40mm Diameter 1200mm Long (RPS-2N) EW-RPS-2N-40-1200

Slip-on Roll Prong suitable for fabric, cable and coil products. It can also be used for carpet handling, but usage is generally restricted to larger forklifts due to the extended load centre created by the length of the tines.

Slip-on Roll Prong suitable for fabric, cable and coil products. It can also be used for carpet handling, but usage is generally restricted to larger forklifts due to the extended load centre created by the length of the tines. These attachments quickly adapt to almost any forklift and require only the connection of a safety chain to prevent unintentional disengagement. Prongs are manufactured from high tensile steel and can be made to any length.

- WorkCover Approved & Meets Australian Standards
- 12 Month Guarantee
- Comes with Free workplace risk assessment specifically for this prong
- Safe Use Manual Included
- Rating Plate with Serial Number (Must Have for Workcover Compliance!)
- Includes Safety Chains
- 200kg at 600mm
- Lost Load 1040mm
- Unit weight 91 kg
