

Hofmann Geoliner 650 XD

Hofmann Geoliner 650 XD PR042 AC100 Clamps - Wheel Aligner

**Power Requirements:**

240v - 10 amps

Freight Dimensions:

115 x 98 x 185cm 184kg

301 x 35 x 90cm 126kg

- » Italian manufactured and operating software
- » High-resolution cameras produce accurate, live alignment readings and diagnostic data
- » EZ-Toe for adjusting without using the steering wheel holder
- » Manual ride height to obtain proper alignment specs for those vehicles requiring it
- » Self-centring design for accurate measurement of vehicle dimensions
- » Passive front and rear XD targets improve durability with no electronics to damage
- » Advanced XD targets and AC100 clamps are lightweight, durable and impact resistant
- » Two-sided claws eliminate accessories and allow reliable clamping even over hub caps
