INDUSTRIAL STORAGE SYSTEMS

Emrack Light Duty Cantilever Racking is a system that is recognised as the most efficient warehouse solution for the storage or distribution of your long-length, bulky building materials. Our Light Duty version is specifically designed for smaller light-weight products that need quick & easy access by hand.

FEATURES

- Easy access to produces for efficient supply chain management
- Various Sizes & Configurations to ensure an ideal space-saving arrangement for every application
- Powder Coated or Hot-Dip Galvanized (H.D.G) finish options
- Customisable Colour Schemes to match your Company Branding
- In-House Design, 3D Modelling & Layout Development Services
- Independently Certified & Engineered to meet all requirements

**OUR CANTILEVER RACKING ENSURES
ZERO SPACE WASTAGE & MAXIMUM
OPERATIONAL EFFICIENCY**
