

Product Information Sheet

Absorb Bund Wall – AES Bund Wall

The Bund Wall is a prefabricated modular bund you can cut, shape and glue to suit any areas. It prevents spills from reaching waterways or causing a safety hazard.

It comes 1.5m long and either 50mm or 65mm high. High visibility colours. Made from recycled components, with high chemical resistance.

IDEAL FOR:

- Workshops, lubricant storage, chemical storage and waste liquid storage where limited vehicle access is required.

TIPS:

- If vehicles will be driving over it, dyna-bolt the bund wall in place.
- Make sure the surface underneath is impervious, clean and dry before you install the bund wall.
