

HydroAid®
 HYDROGEL PAD

Sterile Stand-off Pads

HydroAid® Single use pads provide long-lasting active cooling and assist in healing.

They are:

- Transparent for improved visibility.
- Light weight, flexible and conform to body contours.
- Simple to use.
- Moist, but not wet.

Excellent for use in:

- Ultrasound – MSK and open wounds.
- Protection of wounds and epidermis after surgery.
- Promotes healing particularly in oculoplastic and rhinoplasty procedures
- Assists with patient comfort during laser procedures.

HydroAid Pads are available in the following sizes:

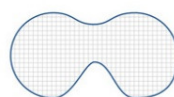

5x9 cm

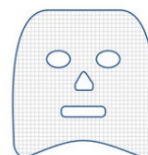

7x12 cm

10x10 cm

eye mask 7x14 cm

facial mask 25x25 cm
