Eco Timed Flow  
Pillar Tap

**TW-9110**  
Euro Basin Mounted  
Sensor Tap

**TW-MIX-01**  
Basin Mounted  
Flick Mixer - Fixed

## INSTALLATION NOTES

1) Fixture strength is ultimately determined by the load capacity of the supporting structure (noggins recommended for stud walls) and use of appropriate fixings. 2) Basin is secured to wall via four integrated key hole fixing points. Suggested additional fixings are four threaded rods with nuts and washers or 9mm sleeve anchors for masonry walls (not supplied).
