Why Buy

Constructed tough from stainless steel and nylon, these clever non-rotational IV poles are designed to withstand the harshest use and make daily life easier by helping to prevent the tangling of critical soft tubing and cords. Simply lift out the hanger to any height and it automatically locks into an infinite position. Pull the lock body down from any direction to release and lower. This removable IV fits into all four corners of a chair top with the option to store underneath if there is provision.
