# RG-800 Mini Auto-loader

*“Every job’s  
easier with  
Rhino Grande’s  
Mini Auto-loader”*

**Rhino Grande’s  
RG-800 Mini Auto-loader  
will save you time  
and money.**

If you’re like most people, you’ll want the job done quickly so you can spend more time doing the things you love. By doing the work of many, our unstoppable machines are designed to save time and money. And they’re innovative, reliable, easy to service, and manufactured to the highest international standards.

The RG-800 Mini Auto-loader is a track mounted, self-loading loader dumper with a load capacity of 800kg. It has a hydraulically operated scissor lift which easily lifts the bucket to a height of 1,450mm at the bucket pivot, which allows loading into a truck or 6m<sup>3</sup> skip bin. The RG-800 is powered by a Briggs & Stratton 13hp petrol engine, electric start, has American-made hydraulics and is covered by a 1 year parts warranty. As the RG-800’s width is only 850mm, it is highly suitable for areas with limited access such as residential properties.

## Features

- Only 850mm wide
- 800kg load capacity
- Bucket lifts to 1450mm
- Self-loading
- 13HP Briggs & Stratton engine
- Electricstart
- American-made hydraulics
- Easy servicing and maintenance
- Crane anchor points
- 2 year/1,000 hour defects warranty
- Great value

# RG-800 Mini Auto-loader

## MODEL

Self-loading	Yes
Bucket lifting height (mm)	1450
Engine brand	Briggs & Stratton
Engine power (hp)	13
Engine type	4-stroke, petrol Engine
start	Electric/Manual
Dimension max (mm)	L2440xW820xH1140
Weight (kg)	650
Max. load capacity (kg)	800
Max. speed (kph)	6.3
Defects warranty	2 years/1,000 hours

## TRANSMISSION

Type	Hydrostatic
Hydraulic Pump	2x Variable displacement
Flow rate (L/m)	2 x 32.4
Hydraulic motors	2 x Orbital

## HYDRAULIC SYSTEM

Hydraulic pump	Gear pump
Flow rate (L/m)	13.5
High flow rate (L/m)	22
Max. pressure (bar)	150
Main valve	2-3 way
Oil cooling system	Air
Ski tipping system	Hydraulic

## TRACKS

Standard track width (mm)	180
Track rollers	3
Rocking rollers	Yes
Track tensioning	Yes

## RG-800TL1

Self-loading	Yes
Bucket lifting height (mm)	1450
Engine brand	Briggs & Stratton
Engine power (hp)	13
Engine type	4-stroke, petrol Engine
start	Electric/Manual
Dimension max (mm)	L2440xW820xH1140
Weight (kg)	650
Max. load capacity (kg)	800
Max. speed (kph)	6.3
Defects warranty	2 years/1,000 hours

## RG-800TL1

Type	Hydrostatic
Hydraulic Pump	2x Variable displacement
Flow rate (L/m)	2 x 32.4
Hydraulic motors	2 x Orbital

## RG-800TL1

Hydraulic pump	Gear pump
Flow rate (L/m)	13.5
High flow rate (L/m)	22
Max. pressure (bar)	150
Main valve	2-3 way
Oil cooling system	Air
Ski tipping system	Hydraulic

## RG-800TL1

Standard track width (mm)	180
Track rollers	3
Rocking rollers	Yes
Track tensioning	Yes

## ABOUT RHINO GRANDE

Rhino Grande is the international brand for a range of premium quality machinery designed and engineered to save owners and operators time and money. All Rhino Grande machines are innovative, reliable, easy to service, and manufactured to the highest international standards.
