ASC 260

QUALITY WITHOUT COMPROMISE

Cut operating costs with the ASC 260 new generation floor scrubber, designed for maximum cleaning and labour efficiency.

The ASC 260 is a powerful industrial cleaning machine designed to scrub, and dry surfaces in a single pass. Powered by a new generation lithium battery, the machine delivers exceptional performance with it's extended run time and opportunistic charging, making it perfect for large-scale cleaning operations.

The ASC 260 is best suited for cleaning warehouses, production facilities, construction sites, car parks, and other large applications.

DETERGENT DISPENSER

Fitted with a chemical dosing system as standard, this feature saves on excessive use of chemicals.

LITHIUM BATTERY

36V, 200A Lithium-Battery powered with opportunistic charging.

EASY MAINTENANCE

Brush changes are made easy with the ASC quick decoupling system.

FEATURES

- Easy to use
- Lithium-ion powered
- Front and rear LED lights
- Reverse beeper and sensor
- Quick removal and install of brushes
- Double-life linatex squeegee blades
- Controllable detergent spraying system
- Maximum speed selector
- Inbuilt maintenance lights for easy service inspection
- USB fast charging port for devices
- Reinforced overhead guard
- 3m Blue safety lights front/rear
