

BECAUSE

LESS IS MORE

DRIVEN BY POSSIBILITY™

MORE FLEXIBLE = LESS HOSE

With 40% less force-to-bend and greater flexibility, MXG™ 4K is faster to install and easier to route, which increases productivity while potentially using less hose.

FAST. RELIABLE. FLEXIBLE.

You need all the space and flexibility you can get when routings get tight. That's why we engineered MXG™ 4K to be a highly flexible, lightweight, compact hose that goes toe-to-toe on performance with heavy duty spiral.

WEIGHT = SAVINGS

MXG™ 4K hose provides 30% weight savings in hose.

UPSIZE YOUR POWER IN TIGHT SPACES

MXG™ 4K allows you to upsize your hose for greater power output without compromising performance, and accommodates routings in smaller engine compartments in modern equipment designs.

1M
IMPULSE
CYCLES

BIG PERFORMANCE IN A SMALL PACKAGE

Qualified at one million impulse cycles — 2X impulse life of industry standards for spiral, 5X impulse life of industry standards for wire braid, at 250°F operating temperature and 1/2 SAE spiral bend radii.

MXG™ 4K

X-FACTOR: EXTREMELY COMPACT
