SKL 450 E

SEMI-AUTOMATIC MITRE CIRCULAR SAW

> MADE IN GERMANY

SKL 450 E

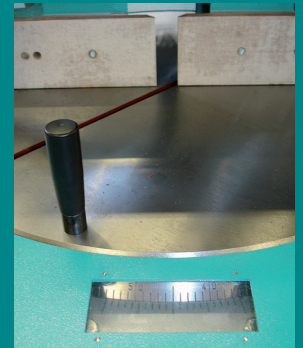

SEMI AUTOMATIC

MITRE CIRCULAR SAW

ADVANTAGES AT A GLANCE:

- ▶ Clamping, sawing, reverse motion, opening – at the touch of a button
- ▶ Suitable for single cuts and processing of small batches
- ▶ Push-button adjustment of the cutting height
- ▶ Good accessibility for saw blade changes and maintenance work
- ▶ Space saving installation
- ▶ High cutting capacity (adaptable to the material, two cutting speeds as standard)

HARD FACTS

- ▶ Sawblade: 450 mm
- ▶ Drive performance: 3,7 / 4,7 kW
- ▶ Cutting speed: 1.950 / 3.900 m / min
- ▶ Feed rate: 0 – 3.000 mm/min
- ▶ Fast return stroke: 4.500 mm/min
- ▶ Machine weight: 680 kg
- ▶ Working range

	90°	45°
●○ Round material	160 mm	160 mm
■□ Square material	145 mm	130 mm
▬□ Profile	320 x 50 mm	250 x 40 mm
- ▶ Mitre range: 0° / 90° / 0°
- ▶ Swivel range 180°
- ▶ Tools: Solid Carbide Tools

APPLICATIONS

Facade engineering, windows, doors, bus construction, scaffolding, ladders, heatsink, automotive sector, solar, etc.

Some of the listed features are optional. More information here:
