

Industrial Reel Drum Roller / Cable Drum Winder 1000kg Capacity

Industrial Reel Drum Roller / Cable Drum Winder – 1000kg Capacity.

Effortlessly wind and unwind large cable drums with the MTYX-1 Industrial Reel Drum Roller, designed for industrial and electrical applications. Built for efficiency, safety, and durability, this roller simplifies handling of heavy cable coils while reducing manual labour.

Features

- Single sleeve drum roller for smooth operation.
- 1000kg load capacity – suitable for heavy-duty cable reels.
- Front lock pin to prevent coil movement during use.
- Integrated ramp for easy loading and unloading of drums.
- High-visibility powder-coated orange finish for safety in industrial environments.
- Adjustable castors to fit a variety of drum sizes.
- Side guidance integrated into castors for precise alignment.
- Adjustable width to accommodate different coil dimensions.
