## Typical Equipment Dimensions

Top view

Side view

### Electrical Requirements

460 V / 3 Ph / 60Hz

### Control system

Allen Bradley CompactLogix

### Standard HMI

RDZ-525: Allen Bradley PanelView Plus  
1000 (10") color touch screen

### Pneumatic components

SMC Pneumatics

## Features

Fully automatic

Quick changeover of palletizing patterns through stored recipes

Pattern Expert software developed by PTC for standardized and simple operations

FANUC robot assures reliability and precision

iRVision 2D guidance system to precisely locate and handle the product

All required safety devices included (fences, doors, light curtains, controls)

## Options

iRVision 3D guidance system for better speed/efficiency

Slip/tier/top sheet handling by robot or dedicated system

Stainless steel construction upon industry requirements.

Pallet conveyor system

Pallet Stacker

# Lifetime

## Client Solutions

**Premier Tech Client Solutions** take a personalized approach to **lifecycle management**, creating enhanced solutions customized to your specific needs that develop your own capabilities and operational habits, and help you achieve and maintain productivity.

The Client Solutions' passionate team acts as a **partner** by maintaining constant collaboration and putting your interests at the heart of daily decisions throughout your equipment's lifecycle.

Our programs are designed to help you reach your highest **Overall Equipment Effectiveness (OEE)** and maximize your **Return on Investment (ROI)** by providing you with the most valuable lifecycle services in the industry focusing on critical areas such as **24/7 technical support, spare parts, field service, training, system assessments and optimization.**
