

# A bright idea in exam room lighting

## Cardinal Health™ LED Light

At Cardinal Health, we apply our deep understanding of healthcare to deliver inventive, meaningful and cost-effective solutions that help improve patient care. The Cardinal Health™ LED Light is no exception. You can feel confident in our products and their durability.

- Energy-efficient LED light that consumes less energy than a halogen light\*
- Long-life bulb (Approx. 50,000 hours) that offers a low cost of ownership
- Cool to the touch
- Designed with safety and performance in mind

### **A brilliant combination of performance and value**

- Provides, bright working space to help clinicians work effectively
- Easy-to-utilize 23 in. gooseneck for precise, optimal positioning
- Designed to allow for easy, screw-in bulb replacement
- Beige color of light compliments the full product line of Cardinal Health™ Exam Tables
- Mobile five-caster base is available (C200165)

\*As compared to the Cardinal Health™ Halogen Light.

In addition to LED lights, we offer a wide range of exam room and OR equipment that includes:

- Seating products
- Instrument stands
- IV poles
- Exam tables
- Step stools

## Cardinal Health™ LED Light differentiators

- 50,000 hours of bulb life is twice that of other LED exam lights available\*
- Leading bulb intensity: Over 20,000 lux at 18 in. distance
- High performance with a low cost of ownership
