

**Breathe Easy with the
Zone Medical Range of
Oxygen Concentrators**

A Breath of Fresh Air!

Kingon P2

Portable Oxygen Concentrator Ultimate Package

Visit Our Website

The Kingon P2 is the world's smallest & lightest Portable Oxygen Concentrator (POC), weighing **1.98kg** including battery. Zone Medical's Ultimate Kingon P2 kit features all of the accessories needed for oxygen therapy on-the-go, this includes 2 batteries and an external battery charger. The Kingon P2 device can last up to **5 hours** on setting 1, per battery. **Easy-to-use quick swap batteries** ensure you stay powered and mobile at all times.

Maximum Battery & Oxygen Efficiency

The Kingon P2 delivers oxygen when inhalation is detected. This pulse-dose technology helps to reduce oxygen wastage and to optimise battery life, allowing for extended use while traveling and on the go.

Clear Display & 24 Types of Alerts

With just a glance, the user can easily view the flow rate, the battery life percentage, and any alerts. The various alerts allow for easy diagnosis of the device, they can be silenced but still viewed at any time.

Weighs Only **1.98kg** and Measures Only **16H x 22.1L x 8.5W cm**

Can Supply up to an Equivalent of **5 Litres** of Oxygen Per Minute on Setting 5

Adjustable Breath Sensitivity

Up To **5 Hours** Battery Run Time On Setting 1

Ultimate Package Contents

1 x Kingon P2
